The animated series & more

The demand from our fans is so huge, we're producing more and more video content ranging from YouTube short videos "Talking Tom and Friends Minis" and "Talking Tom Shorts" to a full-length motion-capture animated series. Our Talking Tom and Friends series has an all-star voice cast, features 52 x 11' 3D CGI episodes each season, and is truly the perfect show for entertaining the whole family (yes, that means parents too!). The animated series is one of the very few brands with new full-length video content for families premiering regularly on YouTube, YouTube Kids app and broadcasters around the world. Created and produced by Outfit7 and arx anima, the YouTube smash hit chronicles the adventures, inventions and all around hilarious escapades of Talking Tom and Friends.

We're so honored to have such a superb cast lend their voices to this wry gang of friends, including Golden Globe®-nominee Colin Hanks (" Fargo," " Orange County"), Tom Kenny (" SpongeBob SquarePants"), James Adomian (" Comedy Bang Bang!," " Gravity Falls"), Maria Bamford (" WordGirl," " Adventure Time With Finn & Jake") and YouTube star, Lisa Schwartz.
